# PROBLEM > SOLUTION

EVM blockchains hold  
≈1000x more liquidity.

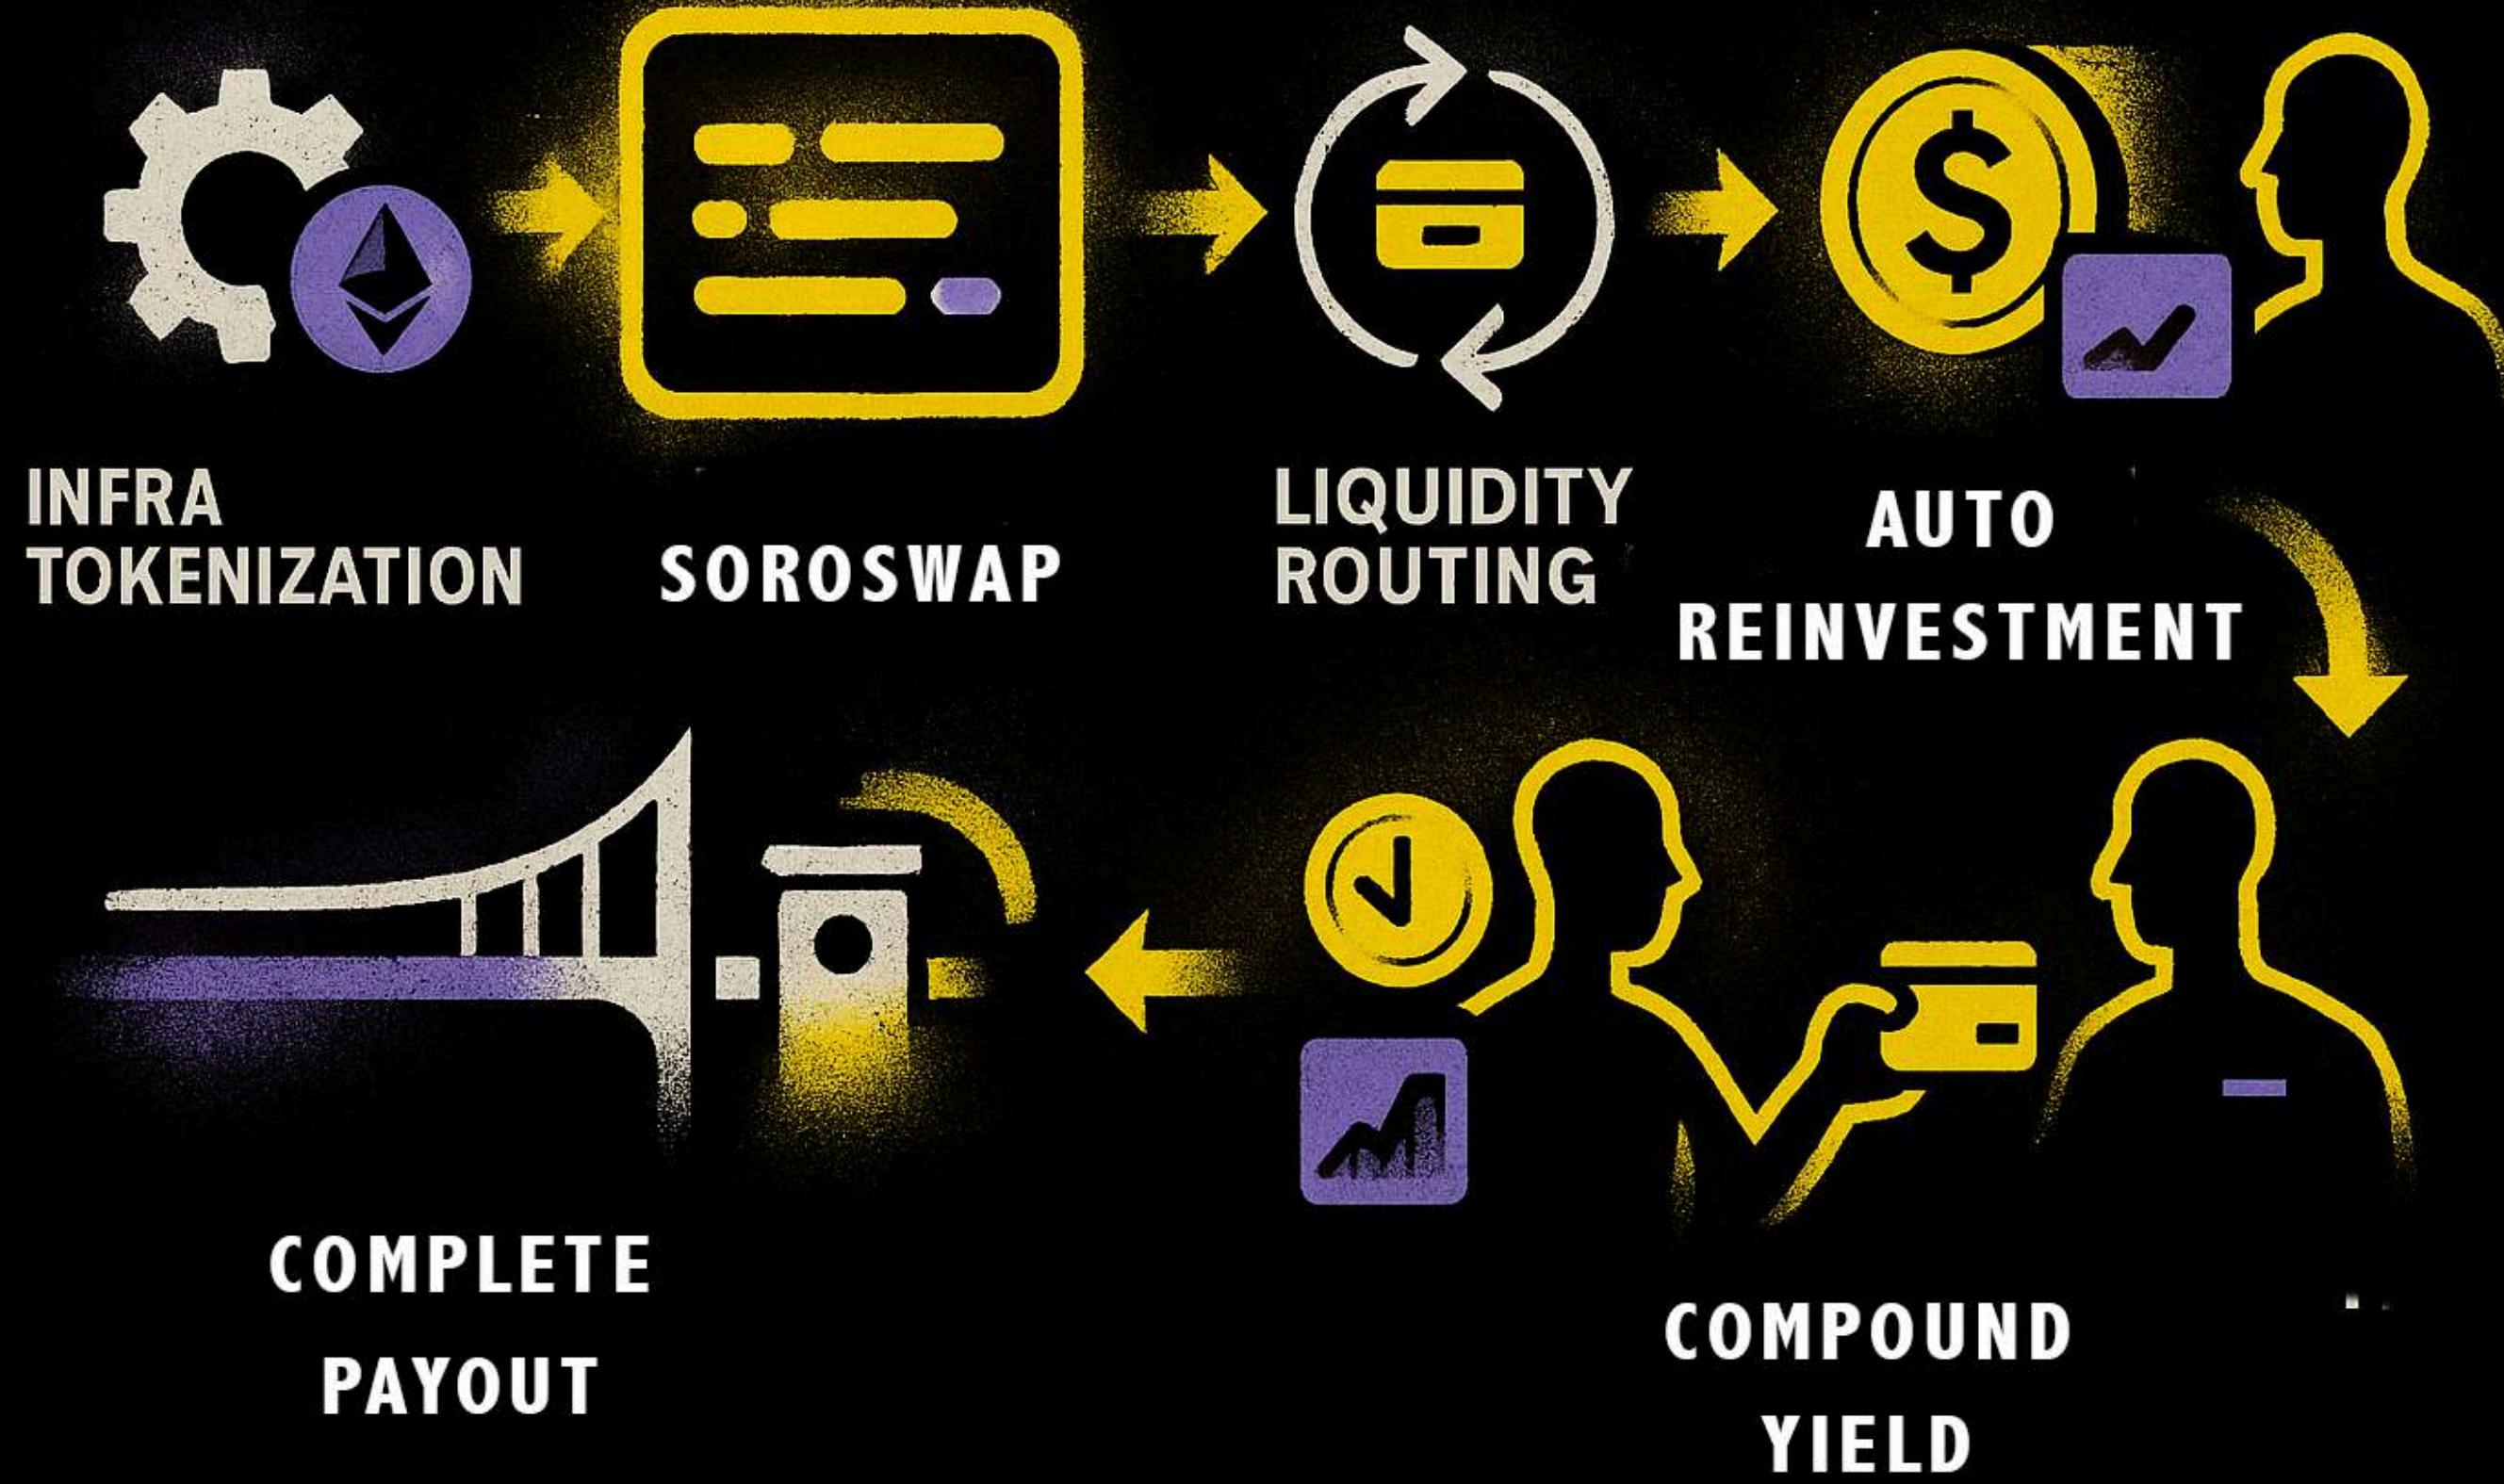

Damn....sounds like a lot.

# From x to 10x Liquidity on Stellar.

**DOB offers RWA-backed real yield that seamlessly flows**

# PMF

## Machines become assets

Invest in the Real World + Earn from stable DeFi

We offer verified autonomous machine **revenue distributions** that **compound** through low risk yield strategies, **seamlessly** bridged from EVM to **Stellar** with zero friction.
